The Carolinas Fleet is planning a cruise to Beaufort, NC for the weekend of May 5-7, 2017. Dick and Carol Turner are the "Cruise Captains," aboard *S/V Mystical*. Plans are to rendezvous at the Beaufort Town Docks for the weekend.

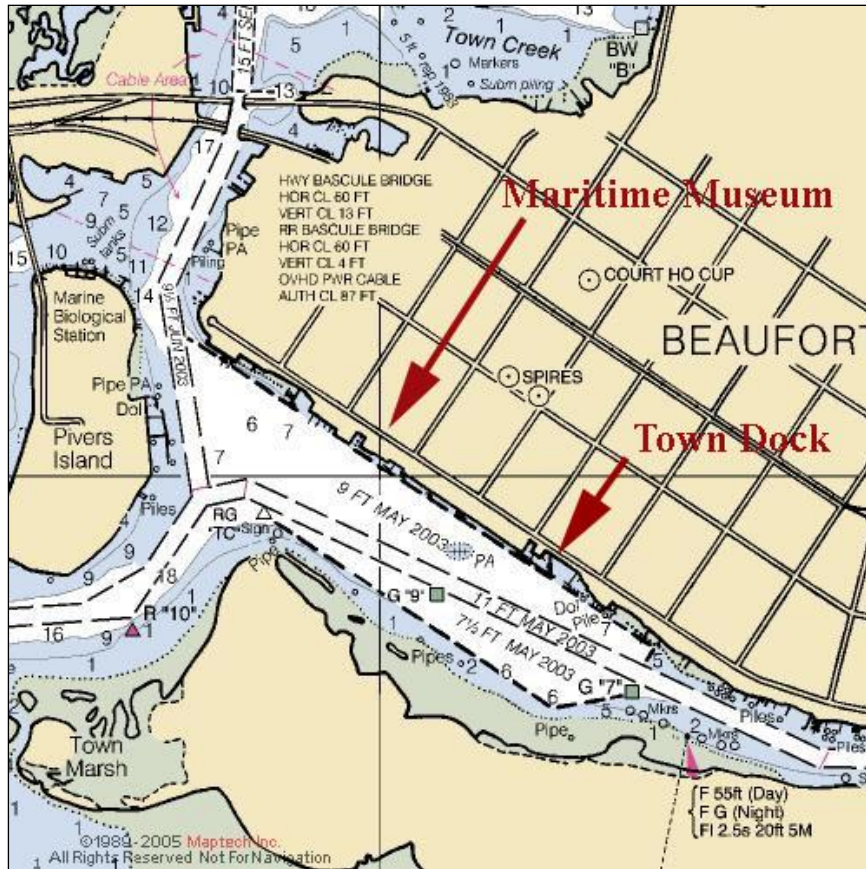

The 43rd Annual NC Maritime Museum Wooden Boat Show and the 10th Annual Beaufort National Boatbuilding Challenge is back again for another great year. These events feature historic vessels, nautical crafts, boat models, traditional skills demonstrations, and rowing races captained by the boat builders. A variety of small wooden boats will be on display during the show. Admission is free and open to the public.

No planned departure time is scheduled from the Neuse River/Pamlico Sound. Some captains may elect to depart on Friday in order to get a jump on the weekend. The Beaufort Town Docks monitor Ch.16 and can also be reached at 252-728-2503. When reserving a slip, mention the fact that you are part of the CDSOA fleet. That location should have an adequate number of slips, which will enable the "Fleet" to be together. While motoring down the ICW to Beaufort, as a reminder, the Bascule Bridge at Gallants Channel opens on the hour and half hour. Unless dredging has taken place in the channel in front of the museum since our trip last fall, keep to the shoreline side of the two white **DANGER BUOYS**. The **DANGER BUOYS** warn of shoaling in that area of the channel.

Sunday departure times will be at the discretion of the various captains. Please contact the *Mystical* crew with any questions, as well as letting us know if you plan on joining in on the fun so we will know how many CDs to be on the lookout for!

RSVP online by **May 1st. Just click on the link below!**

**Fleet communications will be on VHF Ch. 16 and 68.
Please monitor these channels during the cruise.
Hail the "Cape Dory Fleet".**

Any questions regarding this event? Please contact Event Organizer Dick Turner at 252-634-3404 or email tbrhin1@embarqmail.com.

All owners of both Cape Dory and Robinhood power and sailboats, CDSOA members and non-members, are welcome to attend.

All captains are responsible for their own navigation and the safety of their vessels and crew.

Use NOAA Chart 11545.
